

In collaboration with the Lyons Township Mental Health Board, CSS is pleased to offer the following programs and services at **no cost** for eligible families living in Lyons Township...

Respite Services provide an important break for loving parents and caregivers. Respite can take place in a one-on-one setting or in groups. CSS has a variety of new Group Respite activities including Tuesday and Wednesday night outings, Saturday outings, and classes at CSS Academy in Brookfield.

Supported Employment Services are designed for adults who are interested in working or volunteering in the community.

Case Management is provided by our service coordinators who assess the needs of the individual and their families. They also help arrange, coordinate, monitor, evaluate, and advocate for a variety of services to meet the individual's specific needs.

ABOUT COMMUNITY SUPPORT SERVICES

At CSS, our compassionate staff is committed to helping children, adults, and seniors with an intellectual/developmental disability (IDD) and their families live their lives to the fullest. Program participants receive services in an environment where they can flourish, strive for independence and engage in community life.

To qualify for these services at no cost, you will need proof of Lyons Township residency, an intellectual/developmental disability diagnosis, and currently do not receive state funding.
